## Custom Industrial Fab

Dynalab Corp.'s plastic fabrication department fabricates many stock products ranging from popular spill containment trays to an extensive range of high quality Beta and Gamma Radiation Protection products.

We also have the capabilities to produce custom jobs following the exact requirements of your application as seen in the custom products shown on this page. A few examples of our custom jobs include tanks, trays, fittings, machine guards, fume hoods, cabinets, chambers, gears, racks and thousands of other industrial and laboratory plastic products.

Dynalab is capable of producing prototypes as well as high volume job runs and would be happy to provide you with a **free quotation**. Technical assistance is also available as needed.

We stock a large inventory of plastic sheet, rod, tubing, extrusion, fittings, hardware, perforated sheet, etc...

**Weighted Safety Shield**  
Polycarbonate - Dimensions: 19 x 6 x 30"H

**Chambered Tank for Product Display**
